A setenta años de su fundación, El Colegio de México publica esta serie de dieciséis volúmenes, titulada Los grandes problemas de México, en la que se analizan los mayores retos de la realidad mexicana contemporánea, con el fin de definir los desafíos que enfrentamos en el siglo XXI y proponer algunas posibles respuestas y estrategias para resolver nuestros problemas como nación. En Economía rural, volumen XI, los autores presentan los resultados de sus indagaciones en torno a las modificaciones que ha experimentado el sector agropecuario y las acciones del Estado para su desarrollo, los cambios y las políticas relacionadas con el uso del suelo rural y con los derechos de propiedad de la tierra, y las tendencias en la migración interestatal y en la emigración rural al resto del país y a Estados Unidos.
