From one of the writers of the twentieth-century Native American Literary Renaissance comes a remarkable tale about how to acknowledge the past and take a chance on the future. Rooted in tribal-world consciousness, *That Guy Wolf Dancing* is the story of a young tribal wolf-man becoming a part of his not-natural world of non-tribal people. Twenty-something Philip Big Pipe disappears from an unsettled life he can hardly tolerate and ends up in an off-reservation town. When he leaves, he doesn't tell anyone where he is going or what his plans, if he has any, might be. Having never taken himself too seriously, he now faces a world that feels very foreign to him. As he struggles to adapt to the modern universe, Philip, ever a "wolf dancer," must improvise, this time to a sound others provide for him. Like the wolf, Philip sometimes feels hunted, outrun, verging on extinction. Only by moving rhythmically in a dissident, dangerous, and iconic world can Philip Big Pipe let go of the past and craft a new future.
