Two mysterious, gorgeous brothers. One typical high school girl. A key that unlocks a family secret...

Celeste Wilder is a few weeks away from high school graduation and heading to her dream college, NYU, when she meets the intriguing Constantin brothers. Suddenly, she discovers that everything she believed to be true was a carefully constructed lie to protect her, and her so-called normal life becomes anything but.

Roman and Nico Constantin introduce Celeste to a hidden supernatural world that she never in her wildest dreams imagined existed. As she gets sucked into the excitement and danger of their magical world filled with twisted vampires, evil sorcerers and demons, she discovers the startling truth about her own family's legacy and is forced to make a decision that will change her life forever.

"5....10....20 - There are not enough stars for me to put on this little gem!!! I really haven't read much in the paranormal genre in about 2 years (it was my most favorite genre then) and this has definitely brought me back and reminded me what I loved about this genre. This literally has me addicted on the first page. This was one of those books that you want to read slowly because you do not want it to end, but end up reading it in one sitting because you cannot put it down. The author definitely puts it all in there - action, suspense, love, and amazing characters. The second I finished this I was stalking trying to find out when the second book will be released." - The Next Great Read Book Review

"The best YA novel I've read in a long time..." - Goodreads Reviewer

"This book is sort of like Twilight if the characters remained likeable for the duration of the series... This reads like a teenage version of The Southern Vampire Mysteries, and will be great fun for teens who aren't old enough to handle the sexuality of Sookie Stackhouse and her friends but might one day wish to delve into them." - Goodreads Reviewer
