Green Banking A.N. Sarkar

Banking sector, like any other business enterprise, is undergoing a dramatic transformation, consequent to massive industrial and economic growth globally in response to market dynamics, fast change in lifestyle, and consumer behaviour. In the given scenario, banking sector is facing serious challenges and tough competition to cater to projected industrial growth, especially when the sector has been badly hit by global recessionary pressure in recent times. The other challenge confronted by the financial institutions in general, and banking sector in particular, is how to trigger industrial growth without detriment to environmental quality in a sustainable manner. Green banking—also variedly known as Ethical banking, Social banking, and Sustainable Banking—seems to be the viable answer.

The book, written at this critical juncture, covers wide-ranging themes including innovation in banking technology to cut costs; improving operational efficiency; maintaining ethical standards under sound regulatory regime; enhancing responses to society, environment and consumers at large; and setting up replicable and sustainable business models that are eco-friendly, and contribute to green growth to create new business opportunities for the Green investors. Last but not least, the book attempts to link the ‘Green investment bank’ with the potential ‘Green investors’ by exploring ways and means to bring it under the gamut of financial inclusion initiatives, now being taken by the financial institutions and the Government, for fostering sustainable economic growth.

It will be useful for bankers, financial investors, business analysts, policymakers, and those concerned with the cause of environment.

From reader reviews:

Benita Eldridge:

Here thing why that Green Banking are different and reputable to be yours. First of all examining a book is good but it depends in the content of computer which is the content is as tasty as food or not. Green Banking giving you information deeper and different ways, you can find any e-book out there but there is no guide that similar with Green Banking. It gives you thrill reading journey, its open up your own personal eyes about the thing this happened in the world which is possibly can be happened around you. It is possible to bring everywhere like in recreation area, café, or even in your way home by train. If you are having difficulties in bringing the imprinted book maybe the form of Green Banking in e-book can be your option.

Jack Harbin:

The ability that you get from Green Banking is the more deep you searching the information that hide within the words the more you get interested in reading it. It does not mean that this book is hard to recognise but Green Banking giving you joy feeling of reading. The copy writer conveys their point in a number of way that can be understood simply by anyone who read the idea because the author of this guide is well-known enough. This particular book also makes your vocabulary increase well. It is therefore easy to understand then can go to you, both in printed or e-book style are available. We highly recommend you for having this particular Green Banking instantly.

Kevin Porter:

The guide untitled Green Banking is the guide that recommended to you to see. You can see the quality of the book content that will be shown to anyone. The language that writer use to explained their ideas are easily to understand. The copy writer was did a lot of analysis when write the book, and so the information that they share for you is absolutely accurate. You also could possibly get the e-book of Green Banking from the publisher to make you much more enjoy free time.

Ilene Bixler:

Are you kind of stressful person, only have 10 or perhaps 15 minute in your day to upgrading your mind proficiency or thinking skill actually analytical thinking? Then you are receiving problem with the book when compared with can satisfy your short time to read it because all of this time you only find book that need more time to be go through. Green Banking can be your answer mainly because it can be read by a person who have those short free time problems.
