¿Qué papel ha desempeñado la política en un tema tan complejo y fundamental como el de la seguridad? En todo Estado democrático, la policía es una institución civil profesional que garantiza los derechos y las libertades individuales. En nuestro país se ha convertido, en muchísimos casos, en una agencia habilitada para regular actividades delictivas.

El Leviatán azul aborda un aspecto central de la seguridad pública en la Argentina: la relación entre policía y política. Con un estilo claro y concluyente, el autor ofrece una descripción minuciosa de la estructura doctrinaria, organizativa y funcional de la institución policial, y propone un conjunto de lineamientos generales de reforma del sector que busca superar ciertas visiones parciales, tan de moda en nuestro país.

Más que un trabajo de investigación empírica, el libro ordena una serie de problemáticas que no han formado parte todavía del campo de indagación científica ni del debate político. Pero más importante aún, se orienta a revertir el histórico desgobierno político de la seguridad y su policialización, consecuencia de la delegación que autoridades gubernamentales y legisladores han hecho del tema en las propias instituciones policiales. Porque, como dice Marcelo Sain: “La seguridad pública no es una cuestión policial, sino sustancialmente política”.
