A Prospect of War (An Age of Discord Novel Book 1) Ian Sales

"650 pages of compelling action, dialogue, a world where the parameters noted above stay consistent and a world that does not inadvertently stray into allusions to our own."

"This is great space opera on a galactic scale, with labyrinthine plotting and great dialogue and characterization."

Those who don't know history are doomed to repeat it, but those who ignore history do so at their peril. The Empire was born in civil war and now, 1,300 years later, a fresh civil war is brewing. But who is the mysterious "Serpent" who threatens the Imperial Throne? And what can the renegade naval officer known only as the Admiral, and her single battlecruiser, do to combat him? Casimir Ormuz, a young man of low birth, may be the key. Whoever controls him is most likely to win—but he is determined to be his own master.

And then the historical origin of the Serpent's conspiracy abruptly intrudes into the present... And the civil war becomes a battle for the Empire's survival.

Set in a colourful and richly-detailed universe, An Age of Discord tells an epic story of derring-do and intrigue, while subverting space opera sensibilities and traditions.
