# The iPhone Book: Covers iPhone 4S, iPhone 4, and iPhone 3GS (5th Edition)

*Scott Kelby, Terry White*

**The iPhone Book: Covers iPhone 4S, iPhone 4, and iPhone 3GS (5th Edition)** Scott Kelby, Terry White  
*If you're looking for a book that focuses on just the most important, most useful, and most fun stuff about your iPhone 4S, iPhone 4, or iPhone 3GS—you've found it.*

There are basically two types of iPhone books out there: (1) The “tell-me-all-about-it” kind, which includes in-depth discussions on everything from wireless network protocols to advanced compression codes. (2) Then there's this book, which instead is a “show-me-how-to-do-it” book that skips all the confusing techno-jargon and just tells you, in plain, simple English, exactly how to use the iPhone features you want to use most.

*The iPhone Book* is from Scott Kelby, the award-winning author of the smash bestseller, *The iPod Book*. Scott takes that same highly acclaimed, casual, straight-to-the-point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself—simple to use and fun to learn. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large full-color photo on each page so you can see exactly how it works.

The first edition of this book was named Best Computer Book of 2007 and, since then, Scott and Terry have added even more tips and tricks, and made it even easier by focusing on just the most useful and most requested iPhone 4S, 4, and 3GS features (without all the techno-babble), so you can start really using your iPhone today!
