The Electronic City (Future Urban Research in Europe Book 1)

The Electronic City (Future Urban Research in Europe Book 1)
The topic "The Electronic City" refers to the introduction and the consequences of the new information and communication technologies for urban life. In which way can "E-Europe" for all be realised? How can the digital divide be overcome? What are the consequences for the socially disfavoured groups and how can they participate in the E-City? Is human behaviour different in virtual space? These are the questions which are part of many discourses on this topic and which are addressed in this book.
