## **Necessary Decision** A.D. Christopher

Varek and Gable have everything. Everything but their freedom. In the Orion Pride, only free were-panther men can claim a male warrior-mate and commit their lives to each other. At least, that's the way it's always been. But now the high council has condoned the pride's very first three-way mating, and Varek and Gable see a possible chance to gain that precious freedom. They only need a free man to claim them both, and they have just the man in mind. Kylar has never believed in love, not until he meets two slave men who show him that love—and sex—can be more intense than anything he's ever imagined. But when Kylar discovers that Varek and Gable planned his seduction, will he believe that real love can grow from deception, or will he see himself as nothing but a necessary decision?
