Olympic Affair: A Novel of Hitler's Siren and America's Hero Terry Frei

Though not a member of the National Socialist Party, Leni Riefenstahl was the filmmaker darling of the Nazis and Adolf Hitler. First a successful dancer and actress in Germany, she became more notorious when she produced and directed *Victory of Faith* and *Triumph of the Will*, the chilling documentaries about Nazi Party Congresses at Nuremberg.

Glenn Morris was an All-American farm boy from tiny Simla, Colorado, as well as a former college football star and student body president at the school now known as Colorado State University. At the 1936 Olympics, he won the decathlon, earning him the label “the world’s greatest athlete.” Among the American heroes at the Berlin Games, he was considered second only to Jesse Owens, who won four gold medals.

Riefenstahl and Morris: An unlikely couple? Perhaps, but in her 1987 memoirs, the German filmmaker belatedly confirmed she had an affair with the American athlete during the filming of *Olympia*, Riefenstahl’s documentary about the Berlin Games. In fact, she portrayed it as much more than a dalliance, saying that she had dreamed of marrying Morris and that he broke her heart. Morris, who went on to Hollywood, the National Football League, and military service, spoke sparingly of the relationship, but mused late in life that he “should have stayed in Germany with Leni.”

In *Olympic Affair*, author Terry Frei turns to historical fiction in a novel researched in much the same fashion as his widely praised works of nonfiction, including *Horns*, *Hogs*, and *Nixon Coming and Third Down and a War to Go*. Using deduction, imagination and narrative skill to augment documented fact (as well as debunk myths parroted for many years), Frei tells the story of their ill-fated affair . . . and beyond.
