Ostéopathie de la cage thoracique (French Edition)

Pierre Mercier

Ostéopathie de la cage thoracique (French Edition) Pierre Mercier

Cet ouvrage est consacré au thorax dans son ensemble puisqu'il aborde à la fois la cage thoracique (contenant structurel) et les organes intrathoraciques (contenu viscéral).

L'auteur y adopte **une démarche qui se fonde sur l'examen clinique palpatoire et les tests de mobilité, les tests viscéraux ou le diagnostic thermique manuel pour en déduire des techniques de correction.**

Ce manuel, richement illustré, est articulé en deux volets :

- la première partie s'intéresse à la cage thoracique (côtes et ceinture scapulaire) ;
- la seconde partie traite des viscères (poumons, arbre bronchique, diaphragme) ;

l'auteur visant ainsi à souligner la **synergie entre les mouvements des structures osseuses et ceux des organes thoraciques.**

Cet ouvrage est consacré au thorax dans son ensemble puisqu'il aborde à la fois la cage thoracique et les organes intrathoraciques.

L'auteur y adopte une démarche qui se fonde sur **l'examen clinique palpatoire et les tests de mobilité, tests viscéraux ou diagnostic thermique manuel** pour en déduire des techniques de correction.
