**Some men are worth sticking your neck out for. . .**

Sunni Marquette has always been a little different. There's the whole mind-reading thing, for a start, which comes in useful for a criminal defense attorney. Except that lately, Sunni keeps encountering people who are immune to her gift. Like Jacob Eddington, the star witness in her latest case. And her best friend Isabel's new fiancé, Richard Lazarus, who's as sinister as Jacob is attractive. Not that Sunni intends to interfere--until she learns that Richard is a vampire who's made a centuries-long career of marrying wealthy women, then killing them for their inheritance.

Sunni is convinced Jacob is a vampire, too, and that he's her only chance of saving Isabel. With his help, she'll discover powers she never knew she possessed, an enemy who's closer than she could have ever guessed, and the kind of love that's worth staking everything on--if she can just stay alive long enough to enjoy it. . .
