R. Rogers

An expert helps readers understand what the big economic picture means for their money, and how to respond.

Today's investors must play an active role in the managing of their money. This guide introduces the leading U.S. economic indicators and shows how to use them in make better investment decisions. Indicators covered include: national output; employment; consumer reports; housing and construction; and inflation.

? The recession: the days of putting money in an index fund and forgetting about it are over

? Most books on economic indicators are too academic, aimed at professionals, and written before the financial crisis

? Author with over 25 years experience of tracking the economy
