They Came From Below Blake Nelson

A timely and thought-provoking environmental SF/fantasy for young adults

Seventeen-year-old Emily and her best friend Reese can't wait for summer vacation on Cape Cod. Every year, it's the same thing: high hopes that they will finally hook up with some cool guys...and it never happens. So it's totally amazing when, out of nowhere, they meet two unbelievably adorable boys who are just too cute to be true! Which, they soon discover, may be the case. A lot of odd things happen when Steve and Dave are around. Reese figures it's because they're not from around here. So where are they from, France? Well, not quite....

Summoned from the depths of the sea by the dire threat of global pollution, friendly aliens "Steve" and "Dave" have manifested themselves in human form and come ashore in a last desperate effort to save the oceans.
