Underwater Welding Soudage sous l'Eau: Proceedings of the International Conference Held at Trondheim, Norway, 27-28 June 1983, under the Auspices of the International Institute of Welding H. Granjon

Underwater Welding contains the proceedings of the International Conference held at Trondheim, Norway on June 27-28, 1983 under the auspices of the International Institute of Welding.

The book separates the papers of the conference into Portevin Lecture, General Survey, and another four sections. The Portevin Lecture part explains welding under water and in the splash zone; while the General Survey part talks about the technologies, practices, and metallurgy of underwater welding. The four sections detail the wet and dry welding; inspection and performance; physical, metallurgical, and mechanical problems; as well as repair and other application of the process.
