Insights into the Earth's 14 primary power places -

A key to understanding the creation and mission of Mother Earth. About the author

Rico Paganini, one of the leading megalithic, geomantic and spiritual researchers has visited all the Earth's major power points. In this book we travel along with him.

And we are able to share in his stirring experiences, in sensitive discoveries and the wondrous insights that he was able to gain. He has not compiled them for himself, but for us all.

Perhaps he could only manage his adventures travels, bear the travails and overcome some resistance because the spiritual world was on his side - accompanied him, encouraged him and led him with direct guidance. These received messages are also an essential and moving part of this book, and are a special feature is astonishing.

As is the telling of the tale of the spiritual and material creation, and the fact that Mother Earth is alive and is conscious; our ancestors had not yet forgotten this.

He also leads us through the destruction of the environment, climate changes and the increasing natural catastrophes. What have we done?

At the same time, he presents us with solution paths, gives us courage and hope in this dramatic turning point; it is not yet too late!

Hence, GAIA LEGACY is much more than a travel report and insight into the power points. It is - one can say without exaggeration - an incomparable book full of awakening and strength, just as the fifteenth power source...
