Protect All Monsters Alan Spencer

The monsters are escaping!

For fifty years a secret island has existed, a cross between a prison and a preserve, created by the government to end the threat of monster attacks in the general population. Here, in relative ease, vampires, werewolves and zombies co-exist peacefully, given all the blood and meat they want by human caretakers. In exchange, the monsters do not kill.

Addey is a new worker on the island, shoveling human entrails into the zombie pit. But she has uncovered something truly horrifying—an escape plan decades in the making. Now, with time running out, it's up to her to prevent the monsters from breaking free and launching an unprecedented reign of terror on mankind.
