The Legend of The Locust Laurence Moroney

The epic saga of Fintan Reilly and the school at Area 51 comes to a stunning conclusion. Having discovered a second city, hidden under Japan, events have begun to spin out of control. With the Navajo ready for war, the government ready to intervene, and the warning from Ayako, that his actions could lead to the end of the world, Fintan has a difficult road before him. With his friends at his side he must stand up and take control of the situation. There are always options - he just needs to find them. And maybe, just maybe, Nizhoni is still alive and trapped in that city. Ending the saga that began with 'The Fourth World' and continued with 'The Million Year Journey', The Legend of the Locust is science fiction on an epic scale. From the opening pages to the dramatic conclusion, it's a story you won't forget!
