**"This is the way the world ends. Not with a bang, not with a whimper, but a slaughter."**

*Now a classic in zombie fiction, TOOTH AND NAIL tells a story about the end of the world, and those who tried to save it.*

As a new rabies-like plague infects millions, America recalls its military forces from around the world to restore order. Lieutenant Todd Bowman got his unit through the horrors of combat in Iraq. Now he must lead his men across New York through a storm of violence to secure a research facility that may hold a cure. To succeed in this mission to help save what's left, the men of Second Platoon will face a terrifying battle of survival against the very people they have sworn to protect--people turned into a fearless, endless horde armed solely with tooth and nail.
