C.R. Tellier, A.J. Tosser

Size Effects in Thin Films (Thin Films Science and Technology) C.R. Tellier, A.J. Tosser

A complete and comprehensive study of transport phenomena in thin continuous metal films, this book reviews work carried out on external-surface and grain-boundary electron scattering and proposes new theoretical equations for transport properties of these films. It presents a complete theoretical view of the field, and considers imperfection and impurity effects.
