Strategic Networks: Learning to Compete (Strategic Management Society)

Strategic Networks: Learning to Compete (Strategic Management Society)

This book explores the creation of 'learning networks' and sheds light on how they function:- real versus virtual forms of interaction, collaboration versus competition in the learning process, and joint value creation versus individual value appropriation in networks.

- Written by international experts in the field of global strategy.
- Contributions have been selected for their insights and interdependence between organizational learning and networks.
- Looks at topics such as real versus virtual forms of interaction, collaboration versus competition in the learning process, and joint value creation versus individual value appropriation in networks.
