Strategic Information Management

Robert D. Galliers, Dorothy E E Leidner

Strategic Information Management Robert D. Galliers, Dorothy E E Leidner

'Strategic Information Management' has been completely up-dated to reflect the rapid changes in IT and the business environment since the publication of the second edition. Half of the readings in the book have been replaced to address current issues and the latest thinking in Information Management.

It goes without saying that Information technology has had a major impact on individuals, organizations and society over the past 50 years or so. There are few organizations that can afford to ignore IT and few individuals who would prefer to be without it. As managerial tasks become more complex, so the nature of the required information systems (IS) changes - from structured, routine support to ad hoc, unstructured, complex enquiries at the highest levels of management.

As with the first and second editions, this third edition of 'Strategic Information Management: Challenges and strategies in managing information systems' aims to present the many complex and inter-related issues associated with the management of information systems. The book provides a rich source of material reflecting recent thinking on the key issues facing executives in information systems management. It draws from a wide range of contemporary articles written by leading experts from North America and Europe.

'Strategic Information Management' is designed as a course text for MBA, Master's level students and senior undergraduate students taking courses in information management. It provides a wealth of information and references for researchers in addition.

From reader reviews:

James Hill:

Information is provisions for those to get better life, information nowadays can get by anyone from everywhere. The information can be a understanding or any news even an issue. What people must be consider whenever those information which is in the former life are challenging be find than now is taking seriously which one is appropriate to believe or which one the resource are convinced. If you find the unstable resource then you understand it as your main information there will be huge disadvantage for you. All those possibilities will not happen throughout you if you take Strategic Information Management as the daily resource information.

Marian Sheffield:

Typically the book Strategic Information Management will bring someone to the new experience of reading some sort of book. The author style to clarify the idea is very unique. When you try to find new book to learn, this book very suitable to you. The book Strategic Information Management is much recommended to you to see. You can also get the e-book through the official web site, so you can quicker to read the book.

Ashley Gibson:

As a college student exactly feel bored in order to reading. If their teacher requested them to go to the library or to make summary for some guide, they are complained. Just small students that has reading's heart or real their pastime. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading really. Any students feel that studying is not important, boring in addition to can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this Strategic Information Management can make you really feel more interested to read.

Bethany Zuniga:

Book is one of source of information. We can add our expertise from it. Not only for students but in addition native or citizen want book to know the update information of year to be able to year. As we know those publications have many advantages. Beside we all add our knowledge, can bring us to around the world. By book Strategic Information Management we can consider more advantage. Don't someone to be creative people? To get creative person must choose to read a book. Just simply choose the best book that acceptable with your aim. Don't always be doubt to change your life at this time book Strategic Information Management. You can more inviting than now.
