The Start of Us (No Regrets) Lauren Blakely

A new adult story of First Times. Last Times. Connections. And No Regrets...

I only wanted a tattoo. A mark on my body to remind me of who I used to be. Something to hold onto when I started my penance for all the things I'd done wrong, the bad choices I'd made by the time I turned nineteen. Instead, I found a night of possibility, of truth, of hope for the future. And the most intense physical connection I've ever had.

The only one I've ever had, and one I will never forget.

Trey...

When she walked into my tattoo shop, I knew she was like me. Harley had secrets. She had a messed-up past, and things she wanted to run from, or forget ever happened. I couldn't let her go. So we agreed on one night – to spend it together wandering around the city, getting to know each other, the clock ticking because we knew tomorrow would bring an end to the possibility of an us.

Unless tonight was only the start.

How can one night be the start of something when tomorrow it has to end?
